

## Frontend Take Home Assignment

Use React to design components. Use github to maintain code. Brownie points If you can deploy it. Review the take home and feel free to ask any questions you may have (soumaya@resollect.com)

### Submission:

- Github repository link (make it mobile responsive)
- Live deployed link (test cases bonus pointers)
- Document link (explaining code structure components used & Tech stack library utilised)
- Additional Implementation fetches higher chances of conversion
